

## **Saturday 6<sup>th</sup> February 2010**

### **Aireborough 3rds 42 – 0 Old Modernians 3rds**

Aireborough thirds returned to action with a convincing win over Old Modernians 3<sup>rd</sup> team. The match started slightly tentatively with the back line testing out the opposition for at least two minutes until Anthony Clitheroe broke the ice with a couple of tries. Granville Sellars was man-of-match with a slick performance in the back row and was central to Aire's tactics with plenty of quickly recycled ball and good interlinking with the rest of the team. Aireborough totally dominated in the backs but this was backed up by good work in the forwards and high levels of effort from newcomers Ed Brewer and Joe Aboagye. Iain Craven continues to improve with an intelligent performance at scrum half and Tony McCaul's kicking game has also shown signs of improvement with the successful conversion of one of the eight Aire tries. Phil Leeming was unlucky not to score from the wing and his half time replacement Matt Glover had a convincing defensive game.
